Developing lively, inquiring and creative minds

A warm welcome to this week's newsletter. As ever, I hope you and your family are well.

Hello and Goodbyes:

This week we say goodbye to a family who have been connected to school for a long time and wish them well with their relocation and next chapter.

On Monday we welcome a new pupil to school. Ласкаво просимо до нашої школи. He joins us from Ukraine and is living with one of the amazing families in our community. We welcome him and his family to Carlton and look forward to making him feel safe and happy, both here at school and in our caring community Ласкаво прѳсимо Semyon!

Clubs: As Mentioned last week, Doncaster Rovers Monday after school club has already started as has Rev Becky's God Squad. You should also be receiving a clubs letter of staff led clubs today.

National Curriculum Test / SATS

Next week all Year 6 children around the country will be sitting their National Curriculum tests (or SATs). After a 2 year 'covid related break' these tests are back this year.

The Year 6 children in our Rocky class (and teaching team) have been working incredibly hard this academic year and over the past few weeks. I am pleased with and proud of all of the children.! All we ask of the children is they 'try their very best'. As always we have tried to balance our approach to the build up to these compulsory tests so the children are 'ready' for the tests but ensuring we have maintained a broad and balanced curriculum throughout the time period. It is always important to note that we see children as far more than just a 'score' in a test. These tests are important, but do not define the children.

Have a restful and peaceful weekend Year 6 !

Year 6 Parents please help the children to be calm and relaxed. We encourage good sleep and some fresh air! There is no need to revise or worry!

I am proud of the children and the fabulous young people they are. Good luck next week Year 6!

Dates: A reminder of some key dates for the term ahead.

'Open Classroom' event on Wednesday 25th. We are very aware that because of Covid issues earlier in the year we have not had parents in the building as much as usual and you have not seen your children's work. Therefore we wanted to provide an opportunity for you to look at your children's work with your children. This will run from pick up time 3.15pm until 4.30pm. This is not a parent's evening but very much a chance for you to look at your children's work with them and for them to explain and talk to you about their learning. If you are not able to attend this event, please know completed books will be sent home at the end of the school year.
