I can use technology responsibly.	Before ☐	After ☐	

Key Knowledge

- A keyboard is made up of lots of keys.
- Each button on a keyboard is called a key.
- Space bar – leaves a space between words.
- Enter – moves you onto a new line.
- Backspace – deletes the last character.
- It is important to give a file a sensible name when it is saved. It means you can locate the file quickly and makes it clear what the file is.
