

French	Year 3
Focus: Le calendrier	
Age related vocabulary	

les mois	months	en ete	in summer
août	August	en automne	in autumn
au printemps	in spring	en hiver	in winter
Joyeux Noel	Merry Christmas	Bonne annee	Happy New Year

Key Knowledge
<ol style="list-style-type: none"> French does not use capital letters for the months or days. Numbers with a final digit of 1, e.g. 21, 31, 41 etc are written vingt et un (twenty <u>and</u> one). All other numbers are as they sound e.g. 34 trente-quatre. Don't forget the hyphen between the numbers: vingt-trois When you say the full date in French (with the day of the week) you don't say 'the' (le) The first day of the month is different: C'est le premier They don't send Christmas cards in France—they send New Year cards instead.
