I can use digital mapping to enquire about Yorkshire	Before <input type="checkbox"/>	After <input type="checkbox"/>	
I can communicate geographically about Yorkshire	Before <input type="checkbox"/>	After <input type="checkbox"/>	

Key Knowledge

Yorkshire is the biggest county in the U.K. it is split into North, East Riding, South and West.

There are 8 cities in Yorkshire – a settlement can only be called a city if it has a cathedral.

Grid references are numbers on a map that make it easier to find certain places.
