Key Knowledge

- When we are using the words 'chapeau, chemise and chaussures', we give the initial 'ch' spelling a 'sh' sound.
- We can add in colour adjectives from year 3 to describe what our clothing looks like. We need to remember that the colour adjective follows the noun (clothing item) in the word order. For example 'le pantalon bleu'.
- We can also remember our vocabulary from the weather unit at the end of yr3 to encourage conversation involving clothing choices in different types of weather.
- We can start to build complex sentences by using the word 'quand'. For example, 'Quand il est froid, je porte un sweat'.
